Bereafter He Person Over Ferty-Ave Years Old Will Be Given Work In

Any Department.

Chicago, I'l., Dec. 25. - Official announcement was made yesterday of the inauguration on Jan nary 1 of a pension system which will include all officers and em-

ployes of the Rock Island road. In connection with the system the Rock Island has established an age limit which will govern original employment on the Rack Island Under the new role on inexperienced person over 35 years of age and no ex persenced person over 45 years . f age will be taken into the ser vice of the company.

The pension allowance will be per cent, of the average regu or monthly pay received for the en years next preceeding rethement for each year of service. Thus, if an employe has been in the service for forty years and his average salary for the last ten years of the period was \$75 per month, his pension allowance will be 40 per cent. of \$75, or \$30 per month.

have reached the age of 75 years cars is our only trouble. must retire, and the employes tu the operating service may be re tired at 05 years of age.

Conductor Phys. Van Hoeser says that he was fell on the toe, braising himself She was resigned to God's will, commanded to join an "Equity so badly he was not able to make his regular run.

Payne, the Western Union lineman, spent Tuesday in Nashville on basiness. He has severed his connection with the above com pany at this place.

Plagman W. R. Tuck has ton been taking a rest.

On account of the heavy travel an extra conductor was put on the interurban last Friday aud Salarday.

Another train came in over Lawrenceburg, Kan., Dec. 27 .- the M H. & E. last Tuesday for

Mr. E Bramwell, claim agent

W & Griffin left Monday for few days stay in Jacksonville Fla., and the South.

Roy Smith the popular pas senger flagman on 92 and 95 was in the city visiting.

## **HUNDREDS SEE** NIGHT FLIER

Airship Lights Visible to People of Many Eastern Towns.

CARRIES GREAT SEARCHLIGHT AND POISES OVER BOSTON.

Willimantic, Conn., Dec. 23 .-Shortly after 7:80 o'clock tonight when the Caristmas shopping trade was crowding the streets of the cuty there sud tenly came from the east a large earchlight

As it approached the city if grew larger and larger and at racted much attention.

When over the southeaster part of the cars it come be candstill and then performed amber of evolutions

Business was at a la dat 1 10 while. Every me is dwn was ury cled to the castern say.

For a few minutes the big light stood still, then its rays vere thrown to the north and remained there for a few secorder. Mr Dean is one of our onds. Then there was a sudden most reliable and best citizens turn to the west. Then the rays were thrown east, and for a few our town shead of any town in seconds the light revolved as eve night, when It Suits. though its director was looking negro, was mur' 9.50 for something.

> In a few minutes the light which looked as big as a bucket came forward a little and there Fulton, Ot could be seen the outline of turned yes 15.00 Grade; something trailing behind.

> Tillinghast's airsnip was the outer, that came from every other \$40 in m \$17.50 grade; The airship with its dark out

line suddenly started upward and after a few seconds it came Friends advised him to the city for about afteen minutes and then turned eastward, starting in the direction of Buston.

It is generally believed here that the airship was that of Wallace Tillinghast of Worshes-

John Millhouse and others who saw an airship pass above this town on the night in September that Wallace Tillinghust save he went from Boston to New York and return in his airship, said to night that it was

P. D. Donahue saw the airship to Baltic a few miles east of Va., a two thirds interrion, this city and said there were wo men in the machine when it Passed over Baltic

The visit of the airship caused sever reitment and at midnight sim in hundred people were return. Atreets waiting for its Boston, b.

1 7:45 to-night many mymbles tine Puritan Club of this for le. saw it hovering over Bosto

From the latter club, which a Beacon street overlooking th Jammon, it was learned that if airship was seen approaching rum the west, its searching he atmosphere ahead.

The windows of the shubt

hem. For about ten minutes the craft hang over the Common, appearently motionless, and then it started again, steering to westward.

In Worchester it is pretty generally agreed that the airship is the one told of by Wallace E. Tillinghast several weeks ago and which has since been reported in several places, always on nights when the Worchester man was absent from home.

The craft made its appearance in the peighborhood of Mariboro on December 14 and since the time has been there at least, times. It generally app the heavens about 7:30 ventug, then tuens and got the direction of Wordester.
